For the financial period from 1 January 2023 to 30 June 2023

Notes to the Unaudited Financial Statements

1. Organisation

Chimera UCITS ICAV (the “ICAV”) is an Irish collective asset-management vehicle registered in Ireland pursuant to the Irish Collective Asset-Management Vehicles Act 2015 (the “ICAV Act”) on 21 January 2019 with registration number C188915 and was authorised by the Central Bank of Ireland (the “CBI”) on 18 November 2020 as an Undertaking for Collective Investment in Transferable Securities (“UCITS”) under the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, (as amended) (the “UCITS Regulations”) and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the “Central Bank UCITS Regulations”).

The ICAV is structured as an umbrella fund with segregated liability between funds (individually a “Sub-Fund” and collectively “Sub-Funds”). The Instrument of Incorporation provides that the ICAV may offer separate classes of shares, each representing interests in a Sub-Fund comprising a distinct portfolio of investments. In addition, each Sub-Fund may be further divided into a number of different classes within the Sub-Fund. With the prior approval of the CBI, the ICAV from time to time may create additional Sub-Funds. The creation of further share classes shall be notified to and prepared and submitted to the CBI in accordance with the CBI requirements.

As at 30 June 2023, the ICAV consisted of one Sub-Fund, Chimera S&P UAE UCITS ETF which was launched on 23 February 2021.

The Sub-Fund seeks to provide investors with a total return, taking into account capital and income returns, which reflects the return of an equity index called the S&P UAE BMI Liquid 20/35 Capped Index (the “Index”).

The Index is a modified weighted total return index measuring the performance of 30 of the largest constituents of the S&P UAE BMI Index. The S&P UAE BMI Index is a leading benchmark for tracking performance of the UAE equity markets. The Index is comprised of the constituents of the S&P UAE BMI Index that meet the following eligibility requirements: (i) companies must have no more than ten non-trading days over the previous quarter; and (ii) have a three-month average daily value traded volume of at least US\$ 500,000 for at least one of the two quarterly periods preceding the rebalancing reference date.

The Index applies a UCITS capping screen of 20/35. This is to allow the Fund, whose policy is to replicate the Index, to invest up to 20% of its net assets in individual securities with the 20% limit being raised up to 35% in the case of a single issuer where justified by exceptional market conditions which may include the dominance of a particular issuer in the relevant market. The Index provider, S&P, has set triggers in place of at 33%/19% respectively to reset levels to ensure UCITS compliance at all times.

In order to achieve its investment objective, the investment policy of the Sub-Fund is to invest 100% of its net assets in a portfolio of equity securities that consists of the equity securities of the Index. The Investment Manager may deviate from the 100% investment where it is, for whatever reason, not possible to buy and hold a particular Index security.

The Sub-Fund attempts to replicate, before fees and expenses, the performance of the Index. The Investment Manager will seek to do this by replicating so far as possible the investments in the Index by holding all of the securities comprising the Index in approximately the same proportion as its weighting in the Index.

The base currency of the Sub-Fund is the United Arab Emirates Dirham (“AED”). The Net Asset Value per Share will be published and settlement and dealing will be effected in the designated currency of each Class.

The shares of the active Sub-Fund are listed and admitted for trading on the following stock exchanges: Class A Accumulating Shares are listed on the Dubai Financial Market while Class D Distributing Shares are listed on Abu Dhabi Securities Exchange.

2. Significant Accounting Policies

(a) Basis of preparation

These condensed interim report and unaudited financial statements have been prepared in accordance with IAS 34, “Interim Financial Reporting”, the ICAV Act, the UCITS Regulations and the Central Bank UCITS Regulations and should be read in conjunction with the annual report and audited financial statements for the financial year ended 31 December 2022.

Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the financial position and performance of the Sub-Fund since the last annual report and audited financial statements.

Condensed Interim Report & Unaudited Financial Statements
For the financial period from 1 January 2023 to 30 June 2023

Notes to the Unaudited Financial Statements (continued)

2. Significant Accounting Policies (continued)

(a) Basis of preparation (continued)

They do not include all the information required for a full set of annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS").

The condensed interim report and unaudited financial statements have been prepared on a going concern basis which assumes that the ICAV will continue in operational existence for the foreseeable future and have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

The preparation of the condensed interim report and unaudited financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the reporting date and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

The Directors make estimates and assumptions concerning the future of the ICAV. The resulting accounting estimates will, by definition, seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

International Financial Reporting Standards

New accounting standards, amendments and interpretations in issue and effective for the financial periods beginning on or after 1 January 2023

At the date of approval of these financial statements, the following standards, amendments and interpretations to existing standards were adopted by the ICAV effective from 1 January 2023:

Amendments to IAS 1 Classification of Liabilities as Current or Non-Current

On 23 January 2020, the IASB issued 'Classification of Liabilities as Current or Non-current (Amendments to IAS 1)' providing a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangements in place at the reporting date. The amendments were originally effective for annual reporting periods beginning on or after 1 January 2022, however, their effective date has been delayed to 1 January 2023.

The adoption of Amendments to IAS 1 Classification of Liabilities as Current or Non-Current did not have a significant impact on the ICAV's financial statements.

IFRS 17 Insurance Contracts

This standard replaces IFRS 4, which permits a wide variety of practices in accounting for insurance contracts. IFRS 17 will fundamentally change the accounting by all entities that issue insurance contracts and investment contracts with discretionary participation features.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

The adoption of IFRS 17, 'Insurance Contracts' did not have a significant impact on the ICAV's financial statements.

Amendments to IAS 1 and IFRS Practice Statement 2 Disclosure of Accounting Policies

The IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' with amendments that are intended to help preparers in deciding which accounting policies to disclose in their financial statements. The amendments aim to improve accounting policy disclosures.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

The adoption of Amendments to IAS 1 and IFRS Practice Statement 2 Disclosure of Accounting Policies did not have a significant impact on the ICAV's financial statements.

Notes to the Unaudited Financial Statements (continued)

2. Significant Accounting Policies (continued)

(a) Basis of preparation (continued)

International Financial Reporting Standards (continued)

Amendments to IAS 8 Definition of Accounting Estimates

The amendments aim to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

The adoption of Amendments to IAS 8 Definition of Accounting Estimates did not have a significant impact on the ICAV's financial statements.

Amendments to IAS 12 Deferred Tax related to Assets and Liabilities arising from a Single Transaction

These amendments require companies to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

The adoption of Amendments to IAS 12 Deferred Tax related to Assets and Liabilities arising from a Single Transaction did not have a significant impact on the ICAV's financial statements.

There are no other standards, amendments to standards or interpretations that are effective for annual periods beginning on or after 1 January 2023 that have a material effect on the ICAV's financial statements.

Standards, interpretations and amendments to existing standards in issue but not yet effective and not early adopted

At the date of approval of these financial statements, the ICAV has not applied the following new and revised IFRS Standards that have been issued but are not yet effective:

New and revised IFRS	Effective for annual periods beginning on or after
Amendment to IFRS 16 – Leases on sale and leaseback	1 January 2024
Amendment to IAS 1 – Non current liabilities with covenants	1 January 2024
IFRS S1 – General Requirements for Disclosure of Sustainability-related Financial Information	1 January 2024
IFRS S2 – Climate-related Disclosures	1 January 2024

The ICAV is currently evaluating the impact, if any, that these new and revised IFRS Standards will have on its financial statements.

The Manager anticipates that these IFRSs and amendments will be adopted in the financial statements in the initial period when they become mandatorily effective. The Manager assessed that adoption of these amendments will not have a significant impact on the ICAV's financial statements.

There are no other standards, interpretations and amendments to existing standards in issue but not yet effective that would be expected to have a significant impact on the ICAV.

(b) Significant Accounting Policies

The significant accounting policies and estimation techniques adopted by the ICAV for the financial period ended 30 June 2023 are consistent with those adopted by the ICAV for the annual report and audited financial statements for the financial year ended 31 December 2022.

3. Fair Value

IFRS 13 'Fair Value Measurement' requires disclosure relating to the fair value hierarchy in which fair value measurements are categorised as assets and liabilities in the Statement of Financial Position.

The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value. The fair value of financial assets and financial liabilities traded in an active market (such as trading securities) are based on quoted market prices at the close of trading on the reporting date.

A financial instrument is regarded as quoted in an active market if the quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. These instruments are included within Level 1 of the hierarchy.

The fair value of financial assets and financial liabilities that are not traded in an active market is determined by using valuation techniques. The ICAV uses a variety of methods and makes assumptions that are based on market conditions existing at the reporting date. These instruments are included within Level 2 of the hierarchy. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

Transfers are deemed to occur at the end of the financial period.

There were no transfers between levels during the financial period ended 30 June 2023 and the financial year ended 31 December 2022 for the Sub-Fund.

The tables below and overleaf provide an analysis of financial instruments at 30 June 2023 and 31 December 2022 that are measured at fair value in accordance with IFRS 13:

The ICAV's assets and liabilities (by class) not measured at fair value at 30 June 2023 and 31 December 2022 but for which fair value is disclosed within the fair value hierarchy are considered Level 2, except for cash and cash equivalents, which are considered Level 1.

Cash and cash equivalents include cash on hand and demand deposits held with banks and brokers.

4. Share Capital

The issued share capital of the ICAV shall be not less than the currency equivalent of €2 represented by two subscriber shares of no par value and the maximum issued share capital of the ICAV shall not be more than 500 billion shares of no par value. The share capital of the ICAV shall at all times equal the Net Asset Value of the ICAV.

The subscriber shares entitle the holders to attend and vote at all meetings of the ICAV but do not entitle the holders to participate in the dividends or net assets of any Sub-Fund or of the ICAV. The holders of the subscriber shares shall have one vote for each subscriber share held.

Each of the redeemable shares entitles the Shareholder to participate equally on a pro rata basis in the dividends and net assets of a Sub-Fund attributable to the relevant Class in respect of which they are issued, save in the case of dividends declared prior to becoming a Shareholder.

The Directors reserve the right to predesignate any class of shares from time to time, provided that Shareholders in that class shall first have been notified by the ICAV thirty calendar days in advance that the shares will be predesignated and shall have been given the opportunity to have their shares redeemed by the ICAV, except that this requirement shall not apply where the Directors predesignate shares in issue in order to facilitate the creation of an additional class of shares.

Each of the redeemable shares entitles the holder to attend and vote at meetings of the ICAV and of the relevant Sub-Fund represented by those shares. No class of shares confers on the holder thereof any preferential or pre-emptive rights or any rights to participate in the profits and dividends of any other class of shares or any voting rights in relation to matters relating solely to any other class of shares.

Any resolution to alter the class rights of the shares requires the approval of three quarters of the holders of the shares represented or present and voting at a general meeting duly convened in accordance with the Instrument of Incorporation.
